

Success is a Fickle Lover

Success is a fickle lover
casting lures far and wide,
painting dreams of distant pinnacles
and lofty peaks to flaunt one's pride.

Success is a devious lover
whose spangled lures often enchant
with sprinkled gold along the pathway
and bewitched travelers have no complaint.

Success is a treacherous lover
extolling precipices yet unseen
and enthusing on the glorious pleasures
of fame and fortune there to glean.

Success can be a fatal lover
to all those faint of heart
who become ensnared in success's tendrils
And find their lives are torn apart.
